

----- DESCRIPTION ----- The power of the Elder races is raising the Land of the Elden, a nation in the Lands Between, which is balanced on the edge of the great void. Your task is to assist the Soul King in uniting the Elden Ring Cracked Accounts and defeating the antagonist Lilith, who seeks to crush the Land of the Elden. Your strength will depend on your choices in this awesome world. APPEARANCE & SCREENPLAY ----- This installment of "Versus XIII", the popular game series which is also included in the 'Versus XIII Super Pack' is an action RPG with high fantasy-style settings. In the open world of the Lands Between, there are also three major maps (the city of Massos, the forest of Saelinde, and the mountain fortress of Sylens) and each of these maps has a unique online play element and map system. ----- THE WORLD OF THE LAND BETWEEN ----- TOURNAMENT SYSTEM ----- Use 'Draw' to draw the fight between your character and an enemy. You can use 'Plus' to bring additional items and equipment to increase the strength of your party. You can switch to 'Q' to pause the fight to inventory your party and view the items you have equipped. 'Plus' can be used at anytime throughout the fight. When you use 'Plus' for the third time on an enemy, you can equip items to your character. ----- INVENTORY SYSTEM ----- You will have the items that you picked up from the food you ate in your travels. These items increase your experience point gain and the strength of your character. ----- OPTION SYSTEM ----- You can view various items you have equipped on your character's back, with an option to change colors and effects. ----- OPTIMIZATION SYSTEM ----- You can view the enemies that attack you in battle. When you equip a 'Defense Force', you increase your attack power and your resistance to elemental damage. ----- TRIBUTE SYSTEM ----- Players in the same league can communicate with each other in the chatroom, share equipment, and discuss strategy in an organized environment.
