## Kontakt Serial Number

Sep 19, 2020 - it says "If you have the full Kontakt serial number, click below to launch Native Access and proceed with the update." But when I click below... ----- Sasha Brusilovsky ... the window pops up "This application must be installed on your computer to use the application. Please click the "Install now" button to download it..." And again the same crap. I have tried many times to access the applications but everything seems to be in vain. Sasha Brusilovsky
